Open to Remote

Motivated and detail-oriented Information Technology student with a strong foundation in web development and design. Skilled in building responsive, user-friendly, and visually appealing websites using modern web technologies. Passionate about creating efficient digital solutions by combining creativity with technical expertise. Eager to contribute as a web developer, apply problem-solving skills in real-world projects, and continue learning emerging trends in front-end and back-end development.

## EDUCATION

**UNIVERSITY OF MINDANAO TAGUM COLLEGE (UMTC)**, Tagum, Philippines | Bachelor  
Information Technology (IT) Aug '21 – Present

- As an IT student, I benefit from modern facilities, hands-on learning experiences, and expert faculty members who help develop technical skills and critical thinking. UMTC is dedicated to preparing students for success in the ever-evolving tech industry through practical training and industry exposure.

## Experience

**University of Mindanao Tagum College (UMTC)** Aug '23 – Jul '24  
**Student Training Assistant** • Tagum City

- I assisted in organizing training sessions, preparing materials, and ensuring smooth coordination. I helped with participant registration, facilitated communication across departments, and provided technical support during sessions. Additionally, I tracked attendance and collected feedback to improve future programs, honing my organizational and communication skills.

## Certifications

**Virtual Assistant** | ClairVoyance Jan '24

**Data Entry** | Mind Luster Jan '24

**Pre-employment Seminar for Local Application (PESLA)** | UMTC Job Placement Office, UMTC External Relation, and Nov '24  
Alumni Affairs Office

**Developing Designs for User Interface** | Technical Education and Skills Development Authority (TESDA) Nov '24

## PROJECTS

**Request Management System** | Tagum City, Philippines Nov '24 – Feb '25  
Davao del Norte Technology and Livelihood Development Center (DN-TLDC)

**IoT Based Mobile Incubator Monitoring & Controller** | Tagum City, Philippines Oct '24 – Nov '24  
Davao del Norte Technology and Livelihood Development Center (DN-TLDC)
